Catholicism's False Satanic Unity With Muslims...

Ex-Catholic & Bible Scholar Responds...

for the followers of other religions,

The Catholic Church calls for mutual understanding and respect for the followers of other religions, affirming that she "rejects nothing of what is true and holy in these religions," for they "often reflect a ray of that truth which enlightens all men and women" (*Nostra Aetate*, n. 2). Indeed, every authentic journey toward unity and communion undertaken by Christians and by people of good will is the work of the Holy Spirit and requires hearts open to encounter and dialogue so as to embrace one another in genuine fraternity (cf. *Unitatis Redintegratio*, n. 4).

# IRAN'S BALLISTIC AND CRUISE MISSILES

Iran fields the largest and most diverse missile arsenal in the Middle East, with thousands of ballistic and cruise missiles, some capable of striking as far as Israel and eastern Europe. In recent years, Iran has also developed and operationalized the Shahed-131 and -136 advanced unmanned aerial systems (UAS) or cruise missiles, that provide Iran with expanded targeting capabilities. These developments have made Iran's missile forces a potent tool for power projection and a credible threat to U.S. and partner military forces in the region. Iran is also an active proliferator, supplying missiles, rockets, and UAS to partners and proxies in Iraq, Lebanon, the Palestinian Territories, Yemen, and Russia.
